FIFTEENTH EDITION

TRAINING CAMPS 2024

AROSA, ZUCHWIL, WHERE TALENTS CONTINUE TO DEVELOPE

BIG NEWS

In this year as well, some of our former camp participants have once again made the leap into professional ice hockey, such as Vinzenz Rohrer (ZSC Lions), Brian Zanetti (SCL Tigers), Lorenzo Canonica (HC Lugano), and many more.

Presently, 27 players are competing for twelve different clubs in the National League, who attended the Power Skating Camp in Arosa in their younger years

For the 14th time, the Power Skating Camp in Arosa is taking place, which has established itself as the largest Power Skating Camp in Europe. Fortunately, numerous participants have already made it into professional hockey as well as national teams and have continued to develop in the SIHF-certified Arosa camps.

We have already received many registrations for the June camps in Arosa and for the July/August camps in Zuchwil, and it would be advisable to register for the camps in a timely manner. **"We know what it takes to become a top ice hockey player!"** We look forward to conducting top-notch camps in Arosa and Zuchwil once again
