EIGHTEENTH EDITION

ONE-ICE TESTING 2024

WHAT DO THE MCDAVID'S, ROHRER, AND BALTISBERGER HAVE IN COMMON?

BIG NEWS

Connor McDavid, Vinzenz Rohrer, Chris und Phil Baltisberger, and many others have brilliantly completed our On-Ice Test using the CHL/NHL method, confirming their abilities with outstanding results.

We know what it takes to make it to the NL or NHL. 135 NHL #1 Draft picks and 203 NHL players with over 45,000 NHL games under their belts have taken our test and impressively confirmed their skills.

On May 1, 2024, a public on-ice test according to the CHL/NHL method will take place for the first time in the Swiss Life Arena. Players from the age of 10 can participate in the test. During the test, players will undergo a standardized examination consisting of four sprint disciplines and six technical disciplines. A must for every ice hockey player. Connor McDavid is the top player in our database.

We have tested well over 4,000 players over a period of 10 years. Thanks to our proprietary test analysis, we are able to identify talented players immediately and show them where they stand in terms of age and what their strengths and weaknesses are. We still have some spots available for testing. Learn more about our testing method at: <https://www.sport-tests.ch/>
